The Instant #1 National Bestseller--Now in Paperback On April 6, 2018, sixteen people died and thirteen others were injured when a bus taking the Humboldt Broncos junior hockey team to a playoff game collided with a transport truck at a rural intersection in Saskatchewan. The tragedy moved millions of people to leave hockey sticks by their front doors to show sympathy and support for the Broncos. And people from more than eighty countries pledged millions of dollars to families that had been directly affected by the accident. Crossroads is the story of Kaleb Dahlgren, a young man who survived the bus crash and faced life after the accident with positivity and grit. In this chronicle of his time with the Broncos and in the loving community of Humboldt, Saskatchewan, Dahlgren takes a hard look at his experience of unprecedented loss yet also revels in the overwhelming response and outpouring of love from across Canada and around the world. But this book also goes much deeper, revealing the adversity Dahlgren faced long before his time in Humboldt and his inspiring journey since the accident. From a childhood spent learning to live with type 1 diabetes, to a remarkable recovery from severe brain trauma that astounded medical professionals, Dahlgren documents a life of perseverance, gratitude and hope in the wake of enormous obstacles and life-altering tragedy. But Scout finds herself at a crossroads. One road leads back to a quiet life snug under the protective dome of a city. The other road leads to a life in the rebellion, a life of adventure and excitement but also danger. Dare she try to find the rebels hiding in the hills? Then a chance encounter with a stranger from the other side of the galaxy threatens to derail what remains of Scout's life. The entire galaxy awaits her, if she survives the next four days. Alas, the long-threatened war draws nearer and Scout finds herself caught in the middle, surrounded by rebels and bandits. Worse, she carries a pocketful of dangerous secrets with no one to entrust them to. And the hills keep shaking. Something lurks deep underground. Something massive. Something world-destroying. Scout leaves in three days. If she lives that long. "In Quaking Hills", the sequel to "Under Falling Skies" and the second book in "The Travels of Scout Shannon" series, a young adult science fiction novel for fans of plucky heroines, complicated boys, and loyal dog sidekicks. Scout Shannon wants nothing more than to leave her home world and its petty squabbling factions behind. Galactic central with all of its excitement and opportunities awaits her. Then her rescuer, her only friend in the galaxy, disappears, abducted by a group of strangers the moment he steps off his ship. Alone in a strange place, surrounded by the old enemies she knows and new enemies just making themselves known, Scout faces a challenge like none before. 'Adventure of rollicking pace and sweeping proportions ... this book is made of irresistible' Scott Westerfeld, 'This is a hoot from start to finish' Cory Doctorow, 'Intelligent, exceptionally well written and showcasing a phenomenal strong female protagonist' Publishers Weekly For hundreds of years the Guardians ruled the Hundred, but these unearthly beings have faded from human sight and no longer exert their will on the world. Only the reeves, patrolling from the skies, still represent the Guardians' power. But there is a corruption in the land that not even they can control, and fanatics are devastating villages, towns, and cities, slaughtering all who oppose them. Outlanders Anji and Mai are fleeing their homeland with a company of dedicated warriors. On reaching the Hundred, they form an alliance with Reeve Joss, and determine to stand against the devouring horde. But, as region after region slips into chaos, a young woman sworn to the Goddess may be all that keeps them from annihilation . . . A haunting tale of individuals swept up by the chaos of war, this is fantasy adventure at its best - rich in texture, filled with colour and excitement. This book is the first systematic reconstruction of Castoriadis' philosophical trajectory. It critically interprets the internal shifts in Castoriadis' ontology through reconsideration of the ancient problematic of 'human institution' (nomos) and 'nature' (physis), on the one hand, and the question of 'being' and 'creation', on the other. Unlike the order of physis, the order of nomos played no substantial role in the development of western thought: The first part of the book suggests that Castoriadis sought to remedy this with his elucidation of the social-historical as the region of being elusive to the determinist imaginary of inherited philosophy. This ontological turn was announced with the publication of his magnum opus *The Imaginary Institution of Society* (first published in 1975) which is reconstructed as Castoriadis' long journey through nomos via four interconnected domains: ontological, epistemological, anthropological, and hermeneutical respectively. With the aid of archival sources, the second half of the book reconstructs a second ontological shift in Castoriadis' thought that occurred during the 1980s. Here it argues that Castoriadis extends his notion of 'ontological creation' beyond the human realm and into nature. This move has implications for his overall ontology and signals a shift towards a general ontology of creative physis. The increasing ontological importance of physis is discussed further in chapters on objective knowledge, the living being, and philosophical cosmology. It suggests that the world horizon forms an inescapable interpretative context of cultural articulation - in the double sense of Merleau-Ponty's *mise en forme du monde* - in which physis can be elucidated as the ground of possibility, as well as a point of culmination for nomos in the circle of interpretative creation. The book contextualizes Castoriadis' thought within broader philosophical and sociological traditions. In particular it situates his thought within French phenomenological currents that take either an ontological and/or a hermeneutical turn. It also places a hermeneutic of modernity - that is, an interpretation that emphasizes the ongoing dialogue between romantic and enlightenment articulations of the world - at the centre of reflection. Castoriadis' reactivation of classical Greek sources is reinterpreted as part of the ongoing dialogue between the ancients and the moderns, and more broadly, as part of the interpretative field of tensions that comprises modernity.

A *Buckhorn, Montana Novel Book 1: Out of the Storm Book 2: From the Shadows Book 3: At the Crossroads Book 4: Before Buckhorn* Marit was pretty sure she had been murdered. She vividly recalled the assassin's dagger, and her dying vision had shown her the next world - but her spirit had not made the journey. She woke alone, sprawled on a Guardian's altar, with more questions than answers. The Guardians once ruled the Hundred, but disappeared in ages past, leaving reeves to manage the peace in their stead. But Marit finds this peace has been shattered as a desperate army ravages the land, and its leaders walk in shadow, wearing the cloaks of lost Guardians. As she searches for meanings in a changed world, Marit finds her old love Joss and the Outlander Anji struggling to maintain order amidst chaos. But her own enemies are drawing close. Marit tries to untangle the web of betrayals that connect her murder with the razing of the countryside, but she can't run forever. She will be found and there will be choices: complicity or death. He'll help her forget her past, and may just give her a future too! *KING'S DRAGON* and *PRINCE OF DOGS* began Kate Elliott's enthralling tale of the war-torn kingdoms of Wendar and Varre and the story of Alain's and Liath's quests for truth. Now *THE BURNING STONE* continues the epic saga. An uncertain and uneasy peace has fallen on the kingdom of Wendar. It seems that the king's favour has fallen upon Prince Sanglant, his bastard son, and that he is to be the chosen heir. But Sanglant is too troubled by the recent past to seek that crown. He needs Liath, the woman who saved him from his terrible captivity, even though such a liaison must incur the wrath of his father. For her part, Liath knows that her future lies with Sanglant. But she has also learned that her mother, presumed to be dead, is in fact still alive and searching for her, to school Liath in the powerful sorcerous arts. And Alain, their friend and ally, is in mortal danger from the curse of Bloodheart, who is reaching out from the grave... Reeve Joss is struggling to defend a country ravaged by the assaults of twin armies. His men now patrol a land of burning villages and homeless refugees as Joss tries to separate traitor from friend. The Reeve's thoughts are also plagued by the intriguing Zubaidit, pleasure-giver, spy and temple-trained assassin. But Zubaidit is focused on a dangerous mission, her target being warped Guardian Lord Radas. His death would leave the invading militia in chaos, but the old tales tell truly of the Guardians' immortality - and of the powers they now wield to twist the hearts of men. Joss's nights are also troubled, disturbed by dreams of Marit. His lost love has returned from death to become a feared Guardian herself, but Marit rejected the corrupt temptations they offered. She now seeks others of her kind, praying some are yet uncontaminated by the blight on the land - and have the will to fight it. If there's one thing Gillian Hodge never wants to see again, it's a man on a motorcycle. Her last encounter with one left her right hand crushed, ending her promising career as a concert pianist. He's spent the past year wandering the country on a motorcycle, trying not to think about his future. When he finds himself stranded with a busted bike and a reluctant rescuer, he has to wonder about God's sense of humor. The peoples of Sri Lanka have participated in far-flung trading networks, religious formations, and Asian and European empires for millennia. This interdisciplinary volume sets out to draw Sri Lanka into the field of Asian and Global History by showing how the latest wave of scholarship has explored the island as a 'crossroads', a place defined by its openness to movement across the Indian Ocean. Experts in the history, archaeology, literature and art of the island from c.500 BCE to c.1850 CE use Lankan material to explore a number of pressing scholarly debates. They address these matters from their varied disciplinary perspectives and diverse array of sources, critically assessing concepts such as ethnicity, cosmopolitanism and localisation, and elucidating the subtle ways in which the foreign may be resisted and embraced at the same time. The individual chapters, and the volume as a whole, are a welcome addition to the history and historiography of Sri Lanka, as well as studies of the Indian Ocean region, kingship, colonialism, imperialism, and early modernity. Peopled with an entertaining assortment of characters ranging from sorcerers to unicorns, *Dark Angel* is Book 1 of the second trilogy of the Nublis saga which began with *The Wages of Justice*. Also available here at XLibris are the second trilogy's Book 2, *The Artemesian Mandate*, and Book 3, *The Orion Property*. These three titles are also available in electronic download and CD-Rom editions from Crossroads Publishing at <http://www.crossroadpub.com>. On February 21, 1803, Colonel Edward (Ned) Marcus Despard was publicly hanged and decapitated in London before a crowd of 20,000 for organizing a revolutionary conspiracy to overthrow King George III. His black Caribbean wife, Catherine (Kate), helped to write his gallows speech in which he proclaimed that he was a friend to the poor and oppressed. He expressed trust that "the principles of freedom, of humanity, and of justice will triumph over falsehood, tyranny, and delusion." And yet the world turned. From the connected events of the American, French, Haitian, and failed Irish Revolutions, to the Anthropocene's birth amidst enclosures, war-making global capitalism, slave labor plantations, and factory machine production, *Red Round Globe Hot Burning* throws readers into the pivotal moment of the last two millennia. This monumental history, packed with a wealth of detail, presents a comprehensive chronicle of the resistance to the demise of communal regimes. Peter Linebaugh's extraordinary narrative recovers the death-defying heroism of extended networks of underground resisters fighting against privatization of the commons accomplished by two new political entities, the U.S.A. and the U.K., that we now know would dispossess people around the world through today. *Red Round Globe Hot Burning* is the culmination of a lifetime of research—encapsulated through an epic tale of love. From the author of *Follow the rabbit proof fence*. *Unfit for Love? Pregnant*—by a man who will never know or care.
